Professional Skills

Leadership, Communication, Management

Education

B.Sc. Computer Science, Mumbai University, Expected 2026
Certification in Frontend Development from Techpaathshala

Projects

StichMate – Full-stack MERN platform with Redux for tailors and customers.
Built a platform for tailors to showcase designs, sell products, and connect with customers via real-time chat. Developed interactive feeds, shopping cart, wishlist, and role-based profiles. Admin panel monitors users, posts, and transactions.

LandLord – MERN stack website with Redux for property management.
Platform to keep property records, manage documents, and help users buy, sell, or rent properties. Created dashboards and role-based access for easy property management.

Career Guidance Website – Interactive platform using HTML, CSS, JavaScript.
Guides users through career options based on interests and skills. Includes quizzes, recommendations, and informative content.

E-commerce Website – Frontend built with React and Redux.
Responsive online shopping platform with browsing, cart, wishlist, and order placement. State management handled with Redux.

Experience / Training

- Trained at Techpaathshala (2024-2025) in frontend development for websites.
- Worked on real-time projects like StichMate and LandLord built using MERN stack and Redux.

Achievements

- Received appreciation letter for Career Guidance Website.
- Won 3rd prize in intra-college competition "Avishkar" for LandLord project.

Hobbies

Video games, Drawing, Designing
